

ANUSHKA JAGTAP

AI & DATA SCIENCE ENGINEERING STUDENT | DATA ANALYTICS • MACHINE LEARNING • BUSINESS INTELLIGENCE

Pune, Maharashtra • +91 9529821238 • anushkajagtap0211@gmail.com

ABOUT ME

AI & Data Science engineering student with hands-on experience in data analysis, predictive modeling, and business-focused data visualization. Skilled in Python, SQL, Power BI, Pandas, NumPy, and machine learning, with experience working on real-world datasets during a Data Science internship. Interested in Data Analyst, Business Analyst, Business Intelligence, and Data Science roles.

EDUCATION

2023 - 2027

JSPM, NTC

B.E. Artificial Intelligence and Data Science

Relevant Coursework: Database Management Systems, Data Science, Machine Learning, Artificial Intelligence, Statistics

EXPERIENCE

DATA SCIENCE INTERN

Jan 2026 – Mar 2026

Binary and Bricks

- Cleaned and prepared real-world datasets for analysis and predictive modeling.
- Performed exploratory data analysis to identify patterns, trends, and useful insights.
- Built predictive models to analyze data and support data-driven decision-making.
- Worked with real-world datasets to translate data into actionable insights.

TECHNICAL SKILLS

Programming

Data Analysis

Data Visualization & BI

Machine Learning

Frameworks & Applications

Core Concepts

Python, SQL, JavaScript, Node.js

NumPy, Pandas

Power BI, Matplotlib, Seaborn

Predictive Modeling, Gradient Boosting

Frameworks & Applications

Data Structures & Algorithms, Database Management Systems

PROJECTS

Sales Dashboard

Sales Performance Dashboard | Power BI / Data Visualization

- Built an interactive sales dashboard featuring sales trends, geographic distribution, team performance, and top-product analysis.
- Presented business-focused visual insights to support data-driven decision-making.

Career Help

Career Help | Streamlit • Python • [actual technologies]

- 3 concise, ATS-friendly bullets
- Focused on what you built + how it works + technical implementation
- No exaggerated claims
- Optimized for Data Analyst / Data Science / Business Analyst applications.
